

Replacement Solution

Using Olivia Greetings' virtual receptionist system, corporations realize monthly savings of approximately 73% over the cost of a full time equivalent receptionist.

OVERVIEW

The receptionist position is an important part of your company's appearance as it is often times the first impression your guests have of it. The Olivia Greetings solution allows you to manage and customize how your guests are greeted every time they walk into your lobby without wondering if your receptionist will be there to greet them. The solution provides consistent and customizable solutions for businesses of any size, from small companies with one office and to large companies with multiple offices.

FEATURES

The Olivia Greetings system will perform all the following and more:

- Meet and greet your visitors
- Unlock the door to allow the visitor access to the building
- Keep a digital video record of guests
- Answer your phones
- Display customizable building information
- Keep the visitor log online and confidential

CASE STUDY

Challenged with staffing a high turnover receptionist position, requiring frequent re-training, Sysix Technologies introduced an Olivia Greetings virtual receptionist system. As a result, Sysix has enhanced their corporate image as a full service technology partner and seen 73% monthly savings over the FTE equivalent cost for their receptionist position. Sysix enjoys a variety of additional benefits, including: Consistent, dependable and cost effective reception services; extended hours of coverage in their lobby; and 24x7 telephone answering services with a live agent. John Sheaffer, CEO for Sysix says "The Olivia Greetings system has paid for itself already and gives us the edge we were looking for in a competitive technology reseller marketplace. We want to be known for representing the most cutting edge technology and the Olivia Greetings system exemplifies what we are." The average system pays for itself in four and a half months and consists of the Olivia Greetings touch screen panel and customizable avatar as well as Telephone Answering Services which enable the system to completely replace or complement the receptionist position.
